PLEASE ATTEND THIS RECEPTION

A reception will be held in the Sacred Heart church, on Monday morning July 7th, in honor of the party from Quebec who are touring through the West to study the territory and agricultural industry. They are also taking prbuck with them data re products shipped and other useful information for the use of prospective immigrants, from every place at which they stop during their tour.

The party will arrive at 9 a.m. and leave at 12 o'clock noon. Everybody is cordially invited to be at the Sacred Heart on Monday morning next.

Prompt Action Averts Costly Conflagration

The extreme danger of lighting matches while filling gasoline tanks was fully exemplified outside Code's garage last Saturday evening. T. N. Eardley had drawn up to fill his car tank with gasoline, whilst M. Parcels was pumping and Mr. Eardley holding the hose. Eardley for some reason he cannot explain lighted a match. The fumes became ignited and a column of flame ascended at the rear of the car. Dropping the gasoline hose Eardley unsuccessfully attempted to cap the tank. M. Parcels at the imminent risk of an explosion and of severely burning himself screwed the cap on the tank whilst others extinguished the burning gasoline which was spread around and reaching the side walk.

Owing to the prompt action of all concerned all danger was averted with practically no damage done.

St. Andrews Picnic

The St. Andrew's Society had a pleasant time at their picnic at Salt Lake last Saturday afternoon, there being a fully representative gathering present from all parts of the district. Piper Jeff Swan was there with his pipes and Capt. A. E. Keith with his yacht entertained several parties with trips over the silvery waters. The beach was filled with happy family parties and the water with bathers.

W. L. A. NOTES

The regular monthly meeting of the Westminster Ladies Aux. July 9th at Mrs. Forryon's Camp Salt Lake.

Dina Horsemen Hold Their Own; Novelty Events At Dina Picnic

The Dina Picnic was a most enjoyable event, the program containing a number of events of more than usual interest. One of the most humorous of these was the parcel race, in which the competitors had to run to the parcels open up same and walk back wearing the garments which were therein contained. Kenneth Bratvold and George Silk being the winners in this mirth provoking event.

Oscar Sand proved the champion pillow fighter, seated astride the pole he beat every competitor, Dave Venance being second.

John Nitschke won the horse race, George Reynolds coming in second whilst the first place was won by Gustave Johnson in the pony race, the second place in this

also being won by George Reynolds.

The tug-of-war was won by the Married Men after a strenuous effort against the Single Men eventually the weight of the beneficiaries proved the factor of success.

There was a full program of sports for the children and many prizes won.

George Gerrie came first in the 100 yards dash; D. Venance in the Obstacle race; and Mrs. Coll Cameron in the Married Ladies race.

"Willy Kiss Me Quick" and cockernut shies provided lots of fun throughout the day; and as it is customary the whole brought to a close by a dance.

Large Crowd Attends Funeral Of Mrs. Richard Newstead

The funeral of Mrs. Richard Newstead was held Wednesday, June 25th. There being a large crowd present it was only possible to accommodate the ladies in the house, whilst the men stood gathered around outside, all joining in when the solemn and favorite old hymns were sung. Rev. W. Mackenzie officiating at the service gave a comforting message to the bereaved and suitably referred to the deceased.

The coffin was decorated with a bouquet from Mr. and Mrs. C. W. Ryall and a beautiful wreath from neighbours, Miss Elsie Ferguson, Miss Carrie Spence-

Mrs. C. Mathison, and Mrs. J. A. Craddock.

The procession to the cemetery was composed of over thirty rigs and a number of autos full of those who wished to pay their final respects.

The deceased was 48 years of age, being born near Smith's Falls, Ont. She came to this country as the bride of Mr. R. Newstead some 14 years ago, being one of the early lady settlers in our midst. Three children are left to mourn her besides the father. Bert aged 13, Ralph aged 12 and Lloyds aged 7.

Editorial Comment

Serious inequalities detrimental to the interests of the Canadian National Railways as well as to the public in general continue to exist in the distribution or railroad carriage of the postal mail matter. On a mileage basis the C.P.R. earns from the post office for carrying mails \$245.65, whilst the C.N.R. only gets as its share \$154.21.

There can be no doubt that

also showing at
EDGEERTON, TUES. JULY 8th

the C.P.R. gained its immensely larger share of the business because it was the first able to supply the transportation, and had certain strategic advantages in the location of their lines, and they have been able to retain the large end of the business by the efficient manner in which they have handled the business. But the development of the National system has materially changed the railroad map of Canada and today the two railroads stand on nearly terms of equality. And if there is any advantage possessed by one road, it is now possessed by the National.

Pespite the fact that the best rail between Vancouver and Montreal is the National, the mail is all carried as in the long ago past by the C.P.R. The best route from Vancouver to Edmonton from Edmonton to Winnipeg, from Winnipeg to Montreal, are still Canadian National, yet in each case the mail is carried C.P.R.

Speaking from a purely local viewpoint we may most emphatically add that the mail service is much slower than was formerly the case, owing to the fact that the "Transcontinental" train does not carry the mail. Today it takes two days longer to send a letter and get a reply than was the case ten years ago.

The disadvantage of this service is perhaps most vividly illustrated by the following incident. A Chauvin man posted a letter at New Liskeard last month two days before he began the journey home this letter arrived at Chauvin post office two days after he arrived home. The letter instead of travelling direct by the "Transcontinental" which stops at both points, vended its tedious journey down to a C.P.R. point, carried west by C.P.R., and later transferred back to the C.N.R.

A more sane business administration at Ottawa could go a long way in removing the cause for these delays in carrying mail effect a reform that by reason of the revenue therefrom accruing should contribute towards making the Canadian National Railways a profitable enterprise.

A PLAIN TALK

Your pride has been hurt—your vanity bruised—because someone has said something about you that you did not like to hear.

But why think and think and think about the statement, making yourself and everybody else miserable about it?

A lot of mean things are said about all sorts and kinds of people every day, some true and some untrue.

Don't get the idea that people must say only complimentary things so far as you are concerned; and don't worry, whatever they say, so long as your conscience is clear.

CONTENTMENT

The sun's up there in the sky—The flowers are here at our feet: The birds are singing—the world is ringing

With all that's happy and sweet! You've many a chum—while I Have goodly friends by the score: We've jobs of work, too precious to shirk—

So what can we all want more?

It is best to keep friends with your wife.

The greatest secret of success is courage.

A man generally dislikes speaking until he is about sixty, when he begins to fancy himself as an orator.

No man can know everything.

What is it moulds the life of man?

The weather.

What makes some black and others tan?

The weather.

What makes the Zulu live in trees And Congo natives dress in leaves While others go in furs and freeze?

The weather.

Many a husband makes the mistake of thinking that two goldfish are sufficient company for his wife's evenings.

Never pick a quarrel, even if it is ripe.

If it wasn't for trouble how could we enjoy happiness.

The man who has found life full of interest has found himself.

Sunshine inside the house is quite as essential as sunshine outside.

Letter to the Editor

RE RURAL HIGH SCHOOL

Chauvin, June 30th 1924.

Editor Chauvin Chronicle:
Sir:

On reading Mrs. Armour's letter on the above subject June 18, She chooses to ignore the point in my former contribution that those requiring High School finish for their children should pay for it. In other lands those taking advantage of higher education pay for it, they are not allowed to levy taxes on the public

for their maintenance why not put them on the same basis here.

Mrs. Armour cites the Road Grader purchased by the Municipality as an example of how taxation is increased and admits in the same breath that her information is hearsay. It would be much better if she would get a few facts and first hand information before she ventures to lecture the Municipal Council of which I was a member for a short time, on extravagance in relation to road work. If she cares to go into the cost of road work done by the Big Grader, compare the same with work done by slips, she will see for herself the difference will soon pay for the cost of the Grader. Since she has singled me out in particular, am quite willing that Ward One be used to compare results in relation to cost of work. And I am sure the Council will place no obstacles in the way of her acquiring accurate information on the subject; the books will show the expenditure and location- and results are there to be seen. I do not fear a comparison with my predecessor or successor in office as to the showing made in relation to expenditure. Talking of spending public money, I would direct Mrs. Armour's attention to the Refreshment Booth erected in the fair grounds at Chauvin at a cost of \$800.00. How does that compare with the \$1500.00 Grader? Which is the most value to the community? Mrs. Armour took an active interest in the affairs of the Society at that time and does yet, and must assume her share of responsibility as to

whether it was worth the cost.

Re Editorial Comment on same date, "That taxes have not been sufficiently high to drive a single settler out of the country, and are not a burden." Why so many vacant homesteads? If you are willing to be responsible for the taxes on these Mr. Editor, you will not have the slightest trouble in getting possession of the same, maybe it was the lack of a high school education that was the cause of the former occupants leaving. It is easy to tell us how to do thing to become prosperous we have had too much of that for the past 4 or 5 years, it seems to be a popular job to hand a lot of advice to the poor mossback how to succeed. Some of you pencil pushers have got a fine chance to demonstrate, get busy we want to be shown. Your gibe at Grandfathers Grandfathers is rather bad taste. If the present and future generations will measure up to the standard set by those Grandfathers and Grandmothers they will have to improve a lot and use that commodity called common sense so glibly talked about but rarely put in practical use.

J. SEMPLE.

REPLY TO MR. J. SEMPLE

We have not sufficient space to reply in length to you this week, but we call attention to the fact that our editorial referred to "local" taxes. In answer to your query as to reason of vacant lands, we briefly submit the following:-

First; a number of these lands should never have been thrown open for homesteading being unsuitable.

Second; that a number of persons homesteaded who were unfitted and inexperienced.

Third; Badly handled credit and mis-applied labor.

Fourth; in uncertain returns and unstable market prices.

There are other factors we might enlarge upon such as the indirect forms of taxation by the dominion government, etc., did space permit.

KILLARNEY SCHOOL PICNIC PRESENTATION PARTY

The end of school and Grade VIII exams was celebrated most fittingly by a most enjoyable picnic made up of the school children and parents, and some of the young folks of the Killarney district, the teacher, Miss Nelson, manager assisted by local sportsmen, and their ladies.

The various games and races were keenly participated in by young and old, giving the players a keen appetite for the lemonade and cake which was served later in the afternoon, while the disappearance of some after some of delicious ice cream testified to the appreciation of the picknickers.

Following this came an interesting little ceremony when Misses Alvin Cyr and Maisie McAskill entered carrying a mysterious package, which on closer inspection turned out to be a handsome mirror in ivory; and tied with a broad pink bow. Little Maisie, in a short speech presented this to Miss Nelson in the name of the Killarney scholars and the members of the H. H. Club. Miss Nel-

son who seemed quite taken by surprise replied feelingly, her reply being received with a round of applause.

After a further onslaught on the ice cream, and a strenuous ball game the crowd dispersed, everyone expressing themselves as having had a most enjoyable afternoon.

VISIT TO RIDGE HILL

The Chauvin detachment of "Wee Donald," fans journeyed north over the week end. They found the Weaver family at Ridge Hill 10 miles north of Lloydminster in the best of health and spirits. "Wee Donald" was never seen to better advantage and gets better than ever if that were possible.

As usual we were interviewed by and swapped yarns with Hiram Millar. Hi. always admires our string, and looks over each new addition with a critical eye, always he enquires kindly after his many friends and acquaintances in the "South Country" as he calls it. We appreciate the hospitality extended to us when we travel north.

Some of the gang made a trip to Sandy Beach as a side line.

We hope to see the result of these visits reflected in the local show ring, and give all our friends in the north a hearty invitation to visit us on July 5th.

There are two new stars in the ascendant up at Ridge Hill, one of which is almost sure to attract at least one of our number north at more frequent intervals.

An Irish politician was delivering an impassioned speech to a mixed crowd. He had suffered badly at the hands of one particular heckler, but at last his chance came.

"You think you are smart, don't you?" sneered the heckler. "Well, just tell us how many toes a pig has got."

"Take off your boots and count was the lightning reply."

Razmah for summer colds, hay-fever and asthma. 1.00 per box at The Chauvin Pharmacy.

Two sweethearts from Aberdeen were on a trip to the Scotch capital, and as usual, Princes street was the centre of attraction. After walking about the young man noticed one of the picture-houses, which displayed in bold letters: "The Woman Pays."

"Jean," said he, "I think we'll gang in herel."

TO MR. AND MRS.

During our business career in Chauvin we have saved the district hundreds of dollars which might other wise have been paid out in exorbitant prices. We have introduced a system that has proven beneficial in every way both to you and ourselves. On short we buy right and sell right. We gratefully enjoy a patronage far in excess of any of our competitors either at home or off in the cities. (mail order houses).

Should we discontinue business tomorrow, prices would again soar up in the blue. You know that as well as we do.

Therefore we solicit your continued support or new business as the case may be.

Satisfaction guaranteed or your money refunded.

BY MOTOR AND PACK HORSE THROUGH CLOUD WONDERLAND

FOR the man or woman in search of healthful recreation, rest for jaded nerves, and a thoroughly enjoyable holiday, the world offers nothing more entrancing than a holiday in Jasper National Park, Canada's wonderland of scenery, where mountain, crag and torrent vie with one another in claiming the attention and where scenic nature is at her best. Towering peaks rise to the north, south, east and west; mirrored in the beauty of placid lakes whose shores provide shelter for the myriad wild life for which the largest of all Canada's national parks is famous.

Whether the tourist goes sight-seeing by motor car or by the more romantic pack pony, Jasper National Park offers him the best that can be found anywhere. Motor roads and pack trails radiate in every direction from Jasper

Park Lodge, the magnificent log cabin hotel of the Canadian National Railways, and the tourist may engage either ponies and guides or an automobile and thus see the mountains at his pleasure.

Mount Edith Cavell, named to honor the memory of Britain's heroic nurse, rises by the side of Mount Sorrow, within a short drive of the Lodge and is one of the favorite drives of visitors to the Lodge. The Cavell highway, smooth-surfaced, winds up toward the very foot of the Ghost Glacier, presenting to the visitor a new vista of scenic wonders at every turn. As one rides toward the foot of the glacier, the Athabasca Valley far beneath presents an attractive picture of calm loveliness, while here and there a lake, reflecting blue sky and sunshine, adds its touch to the beauty of the landscape. There are other drives which may be taken in comfort—

one may go in an hour, for instance, to the wonderful Maligne Canyon, one of the natural wonders of the entire Rocky Mountain region, where rushing waters go tumbling and boiling through a narrow aperture worn in the rock, two hundred feet below the feet of the tourist as he or she stands on one of the footbridges which span its narrow width. At any turn of the road the visitor may find himself face to face with a bear or a deer, walking calmly across the highway, while on the sides of the mountains he may see mountain sheep or goats grazing.

The tourist to whom riding appeals will find plenty to hold his attention. Pack trails may be followed for miles, when in the company of an efficient guide, one may set forth to explore regions which are beyond the reach of the motor tourist. The wondrous Maligne Lake and Medicine Lake, with their

quota of mountains reaching down almost to the water's edge, draw more and more tourists every year. For years the wonders of Canada's national parks have been better known outside of Canada than they have been to Canadians, but year by year Canadians themselves are realizing that they have, in their own country, scenic attractions which are not surpassed anywhere in the world, and consequently the number of Canadians registering at Jasper Park Lodge is showing remarkable increase. Comfortable, steam-heated cabins are provided for their accommodation, an excellent cuisine is maintained at the main Lodge, where surroundings and service are of the world-famous Canadian National Railways standard and every care is taken to see that visitors to Canada's largest and finest national park enjoy their outing to the full.

Pipe Race: 1 W. Houle; 2 A. Houle
Baseball Match: Married Men 9; Single Men 8
The baseball match between Married Men and Single Men aroused the keenest interest of the enthusiastic fans. The lead was won and held by the Married Men until the last innings. In by dint of tremendous effort the final innings the Single Men reduced the lead of the married to the smallest margin. It looked almost as if they were going to tie the game, but the Married Men were still strong enough to retain a lead of one run. The finishing with the benedicts holding the heavy end of the game the heavy end of 9-8 score.

CARD OF THANKS

The organizer wishes to express her thanks to all who so kindly loaned the necessary equipment and to all who in any way helped to make the concert such an unqualified success.

Neilburg Notes

Neilburg baseball team took in the Freeman sports and succeeded in winning home first money after defeating Freeman 29 to2 in the final game. Home runs, three baggers, two baggers were the order of the day. It was a god game until the end of the first half of the first innings.

Manager Pete took his junior ball team down to the picnic also but came home with the short end of a 22 to 2 score.

FLOWERS FOR THE
PRAIRIE HOME

Circular No. 108 "Flowers for the Prairie Home" has just been issued by the Scott Experimental Station. This circular is based on twelve years' investigational work. It lists the flowering shrubs, perennial and annual plants, that have proven hardy during this period. The information given shows that shrubs can and at the same time used to collect snow to protect and furnish moisture for herbacious flowering plants. The investigations with flowering perennials have demonstrated that they can be cheaply grown by the simple process of sowing seed in the garden. The winter care of tubers, bulbs and roots of more tender perennials is explained.

Anyone interested in a flower garden should write for this circular which will be supplied free.

"Mr. Chairman," said the speaker. "I have been on my feet for nearly ten minutes, but there is so much rivalry and so many interruptions that I can scarcely hear myself speaking."
"Cheer up, gu'nur," said a voice, "you ain't missin' much."

SECOND TOUR OF
TREE PLANTING CAR

The tree planting car of the Canadian Forestry association is to make another tour of the prairie provinces this year, according to an announcement by officials of the association. Equipped to demonstrate the value and necessity of tree planting in the west, the "school on wheels" will start on its second tour of the prairies some time in July.

TRIMMING HEDGES

Early July is the time for trimming hedges on the Exponential station. It has been found that only one clipping is necessary to keep the hedges in good condition. When clipped earlier the new growth makes the hedges appear ragged and uneven. When trimmed later some of the hedges are left somewhat bare of leaves for the remainder of the season.

CHAUVIN PARTY TO VISIT SCOTT STATION ON FRIDAY, JULY 11th

A party of Chauvin farmers are going down to the Scott Experimental Station on Friday, July 11th, and they are anxious that all who wish to go will join up with them. They will leave Chauvin by the 5.54 a.m. train, returning by the train which arrives at Chauvin at 10.02 p.m. Please provide your own baskets, and the tea coffee, and sugar will be provided by the farm officials.

The Scott experimental station is of special interest to all farmers of this district by reason of the fact that it is in a dry belt, and the soil is on the light side; This makes results attained at Scott the best guide for our own practise.

Johnny laboriously carried a pail into the room where the family were assembled, and asked his grandmother to kick it.

"Why should I kick it, Johnny?" grandmother inquired in amazement.

"Just to amuse papa," said Johnny. "He said he would give fifty dollars any time to see you kick the bucket."

Chauvin sports day is to be held July 4th.

"My dear, I think your daughter recites wonderfully well, don't you?"

"Yes, all she needs is a short course of electrocution to finish her off, as you might say."

"The pen is mightier than the sword," said the poet to his Jewish friend.

"Of course it iss," said the Jew. "You can't sign cheques with a sword."

Little Girl: "This story says they went into the ark two by two, doesn't it, auntie?"
Auntie: "Yes, dear."

"Well who went in with you?"

"Baby's got her mamma's complexion."

"Are you letting that child play with those paints?"
